Ernest I. Gates returned today to his home in Schenectady, N. Y., after coming here with the body of his wife, whose funeral was held yesterday. He was accompanied by his brother, George M. Gates, who goes there for a few days' stay.

The ladies of Harmon hive, No. 1, L. O. T. M., held their regular review last night in the K. of P. hall, with a very large attendance. After the business of the evening was over, the following program was given: Piano duet, Walter and Ralph Tobin; song, Walter Tobin; piano solo, Mrs. Ida Russell; recitation, little Miss Velma Campbell; song, Miss Lorraine Lorange. After the regular meeting, a very pleasant time was enjoyed in honor of Mrs. J. A. Denno, who is soon to go to Boston to reside. Refreshments were served, and while the company was seated at the table, Mrs. Harry McNeil arose and, in a neat little speech, told Mrs. Denno how much the ladies regretted losing her and also wished her much success in her new home. At the same time, Mrs. McNeil presented Mrs. Denno a very nice suit case. The recipient was unable to respond at first, but finally arose and thanked the ladies, not only for the gift and the evening's pleasure, but for all their kindness to her in the past. Mrs. Denno was the first charter member of Harmon hive and has held the two highest offices of the hive, those of lady commander and captain of guards. Last night's entertainment was in charge of the February circle of Ladies Avery, Russell, Curtis, Perkins, Tobin, McNeil and Denno.

William Cruikshank, father of Alex. I. Cruikshank, formerly of Barre and now of Baltimore, died in Aberdeen, Scotland, on January 22 and was buried at St. Peter's cemetery there on January 26. The elder Mr. Cruikshank was well known to many Barre people who came from Aberdeen. The Evening Express of that city says of him: "By the death of Mr. William Cruikshank, there has been removed one of the oldest members of the granite monumental industry in the city. Mr. Cruikshank served his apprenticeship with the late Mr. Alexander Macdonald's father, who was the pioneer of the granite monumental industry in Aberdeen. He had been in the company's service continuously for about half a century, with the exception of a short stay in America. On account of failing health, he retired about three years ago. He had seen many changes and improvements in the sawing, polishing and cutting of granite. He was a skillful and careful workman, and being of an industrious disposition he found pleasure in his spare time by giving his attention to horticulture and other pursuits. He was only years old and has left a widow, three sons and four daughters to mourn his loss. The funeral took place today from his residence to St. Peter's cemetery."

Announcement.  
Dr. Frederick W. Hudson, dentist, is now established in thoroughly renovated and newly decorated offices in the Mill's granite block, Main street, an quarters formerly occupied by Dr. Kent and later by Dr. McElroy. Announcement is hereby made that Dr. Hudson will be prepared to receive patients on and after Monday, February 7. Hearty appreciation is extended to those who, by word and deed, welcomed him to the city.

TO PAROLE CONVICT INVENTOR.  
Burglar Has Perfected Self-Balancing Airplane.

Omaha, Neb., Feb. 17.—Judge Estell of the district court was yesterday notified by the state pardon board that if he will designate a suitable person to take charge of him, William Howard, a convict in the state penitentiary, will be paroled to enable him to perfect his invention of a self-balancing airplane which the prison authorities are convinced will be an improvement over any machine now in use.

Howard was sent to the penitentiary from Omaha in 1907 on conviction of burglary. He was known as an inventor before that.

He has in his cell now a model of his proposed airplane. The necessary financial backing for the manufacture of his invention is said to be promised.

115 FRENCH MASSACRED.  
Five Officers and 110 Men Killed by the Natives in Senegal.

Paris, Feb. 17.—A despatch received by M. Trouillet, minister of colonies, from the governor of Dakar, Senegal, says that a French detachment has suffered heavy losses through ambushes in the Ouadi region. A whole company consisting of five French officers and 110 native soldiers, was massacred.

GRANITEVILLE.  
A special meeting of Branch No. 19, O. W. I. U. of N. A., will be held in the vestry of St. Sylvester's church Friday evening, February 18, at 7:15 o'clock. Important business.

### MONTPELIER

Big Liquor Raid Made at the New Dam at Kinney's Mills.

A raid on the store at the Corry, Devitt & Frost dam yesterday proved very successful, as Sheriff Frank H. Tracy and Deputy Sheriff Henry C. Lawson, who conducted the search, found 28 pints of whiskey and 113 bottles, and five kegs of beer. Camille Pizzi and Rafaelo Pizzi were arrested as keepers of the store, and the liquor brought to this city, where it was stored in the vault in the basement of the city court house. At a preliminary hearing held before Judge Harvey, the bail of each respondent was fixed at \$300, and the time of the hearing set for Monday morning at 10 o'clock.

Mrs. T. C. Phinney celebrated her 75th birthday anniversary Wednesday afternoon. A large number were present to congratulate her and light refreshments were served.

Edward Doherty had one eye severely burned a few days ago with mortar while working in Barre. The eye has to be bandaged to keep out the light and the accident will probably lay him up for some time.

Amos Lanier, formerly of this city, now of Worcester, Mass., where he is employed, has been here for a few days, and will move his family and household goods to that city. He has recently perfected a stone saw, which will soon be placed upon the market.

The O. E. S. was favored last night by a visit from the district deputies, and the occasion was observed with a special meeting. Banquet was served, following a reception. Addresses were made by District Grand Master Mrs. Hattie Blanchard of Northfield, and Deputy Grand Master Willis Clark of Waterbury. Past Grand Master Mrs. Lydia Dunham of Barre was also present.

"Goldie" Sun (Morse), who was sentenced to the house of correction for forgery which she committed several years ago in this city, and who was paroled from that institution after having served two years, was again arrested in Burlington yesterday afternoon and returned to Rutland to complete her original term, of which she has something over a year more to serve. The officials consider that she broke her parole.

At 8 o'clock last evening at the home of the bride's parents, Mr. and Mrs. H. E. Brown, occurred the marriage of Daisy Belle Brown and Edward B. Thomas. The ceremony was performed by Rev. Ward E. Clark under an evergreen arch with a wedding bell suspended from it. The couple were attended by Rhine Thomas, brother of the groom, and Miss Grace McGill. They will take a wedding trip and will be at home at the home of the groom on North street.

Michael Pembroke has recently been granted a patent on a power hand polishing machine. The wheel covers more surface than on other similar machines. Mr. Pembroke is manager of the M. Wright & Son's plant and makes a specialty of polishing machinery. Several patents have been granted on improvements recently invented by Mr. Pembroke and D. F. McGovern, sales agent for the firm. Their polishing wheels were recently installed in plants at St. Albans and Hardwick.

The board of trade held a meeting last night, at which many matters of interest were considered. President Joseph A. DeBoer, in his address, stated that 113 out of the 200 shares issued for the fund of \$30,000 had been taken up and prospects were good for raising the rest. Twenty-five names were reported for membership, and all were elected. The date for holding the banquet was not definitely decided, though it will probably be before the first of March. There was some talk of holding a farmers' week here soon, but no date has been set and the plans are not yet completed.

The annual meeting of the Church of Messiah was held Tuesday evening, supper being served, officers elected and reports read of the work of the past year. The old board of officers was re-elected without opposition, as follows: A. C. Brown, moderator; E. B. Thomas, clerk; Frank N. Smith, treasurer; C. D. Mather, J. C. Farrell, George L. Blaisdell, M. J. B. Morse and Mrs. Pearl Cleveland, executive committee; A. J. Shibley, auditor. Frank N. Smith was elected to succeed himself for a term of six years as a member of the board of trustees having charge of the permanent fund of the church.

TO PAROLE CONVICT INVENTOR.  
Burglar Has Perfected Self-Balancing Airplane.

Omaha, Neb., Feb. 17.—Judge Estell of the district court was yesterday notified by the state pardon board that if he will designate a suitable person to take charge of him, William Howard, a convict in the state penitentiary, will be paroled to enable him to perfect his invention of a self-balancing airplane which the prison authorities are convinced will be an improvement over any machine now in use.

Howard was sent to the penitentiary from Omaha in 1907 on conviction of burglary. He was known as an inventor before that.
